REPORT.

STATE OF MICHIGAN,
ATTORNEY GENERAL'S OFFICE,
Lansing, July 1, 1890.

To the Governor and Legislature of the State of Michigan:

In compliance with the statute I have the honor to report that the following schedules contain a statement of the business transacted by the Attorney General from Jan. 1, 1890, to July 1, 1890. In making this report as of July 1, it is believed that it is in accordance with the spirit of the law of 1887 changing the fiscal year and requiring the reports of the various officers to be made in compliance therewith. The advantage of making the report as of that date is obvious, it giving time for the preparation of the report during the term of each incumbent of the office.

Owing to the illness of my predecessor, Hon. S. V. R. Trowbridge, no report was made for this office for the preceding year, and for that reason I have included in this report the abstract of the business transacted by the prosecuting attorneys of the State reported, for the calendar year 1889.

Before proceeding to a statement of the business transacted by the office I may be permitted to recommend that the statute, requiring the prosecuting attorneys of the State to report to the Attorney General, be changed so as to require the reports to be made to the State Board of Corrections and Charities. These reports of the prosecuting attorneys to the Attorney General furnish about the only data for criminal statistics under the laws of this State, and the Secretary of the Board of Corrections and Charities has been to this office frequently for information which could not be furnished. That Board has constantly under consideration the subject of penology, for the study of which subject these reports are principally useful, and it is believed that it would be an advantage to the Board and beneficial to the public at large to have the reports made to the Board instead of to this office. The reports at present are entirely too meager to be of very great service, and the members of the board realizing the importance of criminal statistics and the necessity of making them as complete as possible, would be able surely to make a great and important improvement in this matter, which is of so much public concern. The section of the statute required to be amended to make such a change is section 554 of Howell's statutes.

In case this recommendation should not meet with the approval of the legislature, the statute, requiring reports from the prosecuting attorneys to the Attorney General, should be changed so as to require the report to be made for the year ending June 30, instead of December 31. No additional burden or trouble would be imposed upon the prosecuting attorneys by such provision, and it would be of great convenience to this office.

Very respectfully,

B. W. HUSTON,
Attorney General.

OPINIONS.

[No. 1.]

Construction of Sec. 1, Chap. 15, Sec. 4, Chap. 4, and Sec. 2, Chap. 13, of School Laws.

STATE OF MICHIGAN,
ATTORNEY GENERAL'S OFFICE,
Lansing, March 25, 1890.

Hon. Joseph Estabrook, Supt. of Public Instruction:

DEAR SIR—In reply to your inquiry as to the proper construction of section 1, chap. 15, of the General School Laws, and incidentally of section 4, chap. 4, and section 2, of chap. 13, of said laws, permit me to say that in my opinion the payment of the fee required by section 1, of chap. 15, could in no proper sense be regarded as a requisite for qualification as a teacher. That section imposes a duty upon all boards or officers authorized by law to examine applicants for certificates of qualification as teachers, and if the board of county examiners fails to perform such duty the members of the board would without doubt be liable to removal by the Judge of Probate under section 12, chap. 12, of the School Laws, and members of school boards neglecting or refusing to perform such duties, would be liable under section 2, chap. 13. The section making it apparently a mandatory duty, there is probably conferred upon such board or officers the implied authority to demand the payment of such fees before the applicant for examination is entitled to an examination. If however the board or officer neglects the duty imposed by this section and fails to collect the fee such failure upon the part of the board or officer, would not in any wise disqualify a teacher who had passed a satisfactory examination.

Section 4 of chap. 12, of the School Laws contains the following provision, "No person shall be considered a qualified teacher within the meaning of the School Laws, nor shall any school officer employ or contract with any person to teach in any of the public schools, who has not a certificate in force granted by the board of school examiners of the county or other lawful authority." That provision determines what shall constitute a qualified teacher and the fact that a board or officer has neglected the duty imposed by section 1, chap. 15, could not possibly disqualify a teacher where an examination had been had and a certificate given. I place the same construction upon section 1, chap. 15, with reference to the powers and duties of the director and secretary of school boards, and the neglect of such duties, that I do with reference to examining boards or officers. The director or secretary of any such board may refuse to contract with a teacher until the teacher has paid the required fee, but if he does contract without collecting such fee, that fact does not disqualify the teacher. If I am right in the construction of the above section, it would not be proper for your department to withhold the public money from the cities mentioned in your letter, (which cities, I am informed verbally from your department are Muskegon and Bay City.)

As to the last question, if it can be said that the board of education, which has the power to employ under the charters of the cities referred to, is controlled by that portion of section 1, chap. 15, relating to the directors and secretaries of school boards, then the members of the board would be liable under section 2, of chap. 13, and in the absence of any express provision in the school law as to the manner of proceeding to collect such penalties the proceedings would be instituted by the prosecuting attorney under section 8442 of Howell's Statutes.

Asst. to the Attorney General.

Construction of Act No. 138, Laws of 1875.

STATE OF MICHIGAN,
ATTORNEY GENERAL'S OFFICE,
Lansing, April 1, 1890.

To the Hon. Board of Regents of the University of Michigan, Ann Arbor, Mich:

GENTLEMEN—In reply to your communication asking for a construction of Act No. 138 of the Session Laws of 1875, as subsequently amended, permit me to say that in my opinion it is the duty of the board and officers named in said act to deliver the bodies therein specified for shipment, to the demonstrator of anatomy of the University of Michigan in all cases, unless the body shall be requested by a relative or legal representative in good faith for burial at *private expense.* No request for burial at public expense or at the expense of the institution from which the body is shipped should prevent the shipment.

Exemption of lands belonging to cemetery associations.

Lansing, April 2, 1890.

Hon. H. R. Pratt, Dep. Aud. Gen'l., Lansing, Mich.:

MY DEAR SIR—In reply to your inquiry of Nov. 12, 1889, concerning the exemption of lands belonging to the Woodland Cemetery Association of Port Huron, will say that in my opinion all of the land described in your communication as belonging to said association should be exempt from taxation.

It is quite probable that if the association were holding more land than platted for the purpose of evading the statute, it might be proceeded against for abuse of its franchise, but such a question could only be determined by contest, and is not within the jurisdiction of the taxing officers.

Very truly yours,
B. W. HUSTON,
Attorney General.

Taxation of St. Paul, Minneapolis and Sault Ste. Marie R. R. Co., car mileage subject to taxation.

Lansing, Mich., April 3, 1890.

DEAR SIR—In reply to your inquiry of Aug. 27, 1889, in relation to the question of State taxes in the case of St. Paul, Minneapolis & Sault Ste. Marie, R. R. Co., permit me to say, that in my opinion the car mileage received by said Co. from other companies for the use of its equipment, is subject to taxation as a part of the gross receipts of the Co.

DEAR SIR—In reply to your inquiry of February 4, in relation to the special ditch tax on the N. ½ of section 11, T. 4. N., R. 3. E., returned to your office in February 1885, will say that in my opinion no interest should be charged.

Construction of powers of Board of Control of St. Mary's Falls Ship Canal.

Lansing, Mich., April 8, 1890.

HON. GEO. G. VAN ALSTINE,
Sec'y. Board of Control St. Mary's Falls Ship Canal,
Lansing, Mich.,

DEAR SIR—In reply to your inquiry of March 29, regarding the rights of the board to refuse to fix the tolls of those companies organized under chapter 111 of Howell's Annotated Statutes, which have made their improvements upon borrowed capital, and whose capital stock is none of it paid in, permit me to say that in my opinion the board cannot, for that reason, refuse to fix the tolls.

With reference to the *improvements* made by such companies the board has an undoubted discretion, under section 3859 to determine when any portion of the improvements is completed in such a manner as to entitle the company to receive tolls, and the amount which such company shall receive for tolls, upon the portion of the stream improved. It is also left for the board to determine in its discretion when the entire improvements have been properly completed, and to accept said improvements, and to fix (within the limitation as to the maximum tolls specified in the section) the amount of tolls which the company may collect, but the board has no control over the question of taxation, and if the work has been completed and accepted, it can exercise no power, discretionary or otherwise, concerning the amount of capital stock paid in by the shareholders.

Very truly yours,

B. W. HUSTON,
Attorney General.

Company cannot organize under Act No. 230, Public Acts of 1885, for the purpose of carrying on a general warehouse, storage, commission, trucking and transfer business, and to purchase and sell all kinds of merchandise.

Lansing, Mich., April 14, 1890.

Hon. Francis B. Egan, Deputy Secretary of State, Lansing, Mich.:

DEAR SIR—In reply to your inquiry of the 12th inst., in regard to the articles of association of the Riverside Storage Co., which are presented to your office for filing, permit me to say that in my opinion the articles ought not to be filed.

The name assumed by the company is set forth in their articles of association

as the Riverside Storage Co. The purposes for which the corporation is organized are as set forth in their articles of association, the carrying on of a general warehouse, storage, commission, trucking, and transfer business also the purchase and sale of all kinds of merchandise. The statement is made in their articles that the organization is proposed under act No. 232, of the Public Acts of 1885, as amended by act No. 170 of the Public Acts of 1889. Act No. 232 of the Public Acts of 1885 is entitled: "An act to revise the laws providing for the incorporation of all manufacturing companies, (except such as are contemplated by act No. 42 of the Session Laws of 1867, which provides for the incorporation of persons or corporations engaged in the manufacture of salt,) and merchantile companies or any union of the two, and to fix the duties and the liabilities of such corporations." It is to be observed from the title of the act as above stated that the business of owning and conducting a warehouse is not included in the title of the act, and it will be observed also that the statute nowhere contains any provisions in relation to such companies. This, in my opinion, would be a sufficient reason for refusal to allow the articles of association presented, to be filed; but further than this, chap. 106 of Howell's Annotated Statutes provides for the incorporation of companies organized for conducting a warehouse business, and I think it is not competent for persons to incorporate under the manufacturing law for the purpose of conducting the business provided for in chap. 106, above referred to.

Respectfully yours,

B. W. HUSTON,
Attorney General.

Construction Sec. 15, School Laws of 1889.

Lansing, Mich., April 21, 1890.

Hon. Joseph Estabrook, Superintendent Public Instruction, Lansing, Mich.:

DEAR SIR—In relation to the communication of Harvey Tappan of Yale, Michigan, submitted by you to this office on the 19th inst., will say that in my opinion no action can be taken under section 15, of the compilation of the School Laws of 1889. The facts submitted by Mr. Tappan are as follows: "'A' lives in a district in Emmet township and desires to be set over into the adjoining district in Brockway township. The clerks and boards have been duly notified as per section 15, page 11, of the School Laws of 1889, and a joint meeting is held." It will be observed from this statement of facts that "A" is not a resident of a fractional district, and accordingly that no alteration of a fractional district would be made by the action of the boards of the two townships. Under such a statement of facts the boards of the two townships acting jointly as one board would have no jurisdiction.

Upon the facts submitted this disposes of the entire question, and I think any further consideration unnecessary.

Very truly yours,

B. W. HUSTON,
Attorney General.

Hon. John T. Rich, Commissioner of Railroads, Lansing, Mich.:

DEAR SIR—In reply to your inquiry of the 21st inst., with reference to your authority to require stone abutments to be erected across the street to support the bridge of the

Union Depot Co., where it crosses the Michigan Central track, will say that I have no doubt of your authority to require the bridge of the Union Depot Co., to be supported in such manner at the crossing, and I am of opinion that under the charter of Detroit the common council has not the power to interfere with your action in that behalf.

DEAR SIR—In reply to your inquiry of the 15th inst., in relation to the filing of the articles of association of the Dowagiac Gas and Electric Company, permit me to say that in my opinion the articles ought not to be filed. I cannot believe that act No. 232 of the public acts of 1885, was designed to supersede the statute providing for the incorporation of gas and electric light companies.

Claim of Sarah Wells Bryan *vs.* the State of Michigan.

Lansing, Mich., April 30, 1890.

Hon. Board of State Auditors Lansing, Mich.:

GENTLEMEN—In the matter of the claim of Sarah Wells Bryan *vs.* the State of Michigan, for the payment of which, provision was made by joint resolution number 20, of the session laws of 1889, will say that I have gone over the testimony, taken in the case, with considerable care, and in my opinion the testimony is such that in a trial before a court the case would necessarily go to the jury, and I have no doubt that a jury would award to the plaintiff some substantial damage. And inasmuch as the resolution provides for the payment of the claim, if the claimant shall appear to be justly and equitable entitled to any amount, it would seem that it would be proper that some sum should be awarded to the claimant.

Very truly yours,

B. W. HUSTON,
Attorney General.

[No. 12.]

Construction of act No. 23 Session Laws of 1864, providing for the payment of State Bounties.

Lansing, Mich., May 1, 1890.

Hon. Board of State Auditors, Lansing, Mich.:

GENTLEMEN—The legislature of 1864 passed an act that was approved February 5, 1864 (which was ordered to take immediate effect). The act provides for a uniform

State bounty of $100, to be paid to every volunteer soldier, below the rank of a commissioned officer, who enlisted after its passage, and was credited on the quota of the State, etc., and credited to the township or ward in which he was enrolled for draft, if not enrolled, on the presentation of his own affidavit, that the township or ward for which he was credited, is the township or ward where he actually resides, and that he was not enrolled elsewhere in the State. If the person enlisting was a non-resident of this State, no affidavit was necessary. This law has been construed by the Supreme Court in the case of the People *vs.* Hammond, Quartermaster General. 13 Mich., 247. In October, 1863, the President made a call for three hundred thousand men, and February 1, 1864, issued another call for two hundred thousand men, making five hundred thousand in all, in the two calls. The act above referred to, applies to all calls after January 1, 1864. In the case of the People *vs.* Hammond, 13 Mich., the Supreme Court in construing the law held that it did not apply to the three hundred thousand call of October, and only applied to the additional two hundred thousand of February 1. In the recent case of Smith *vs.* the Auditor General, the Supreme Court follows the case of the People *vs.* Hammond.

In the light of these decisions I am of opinion:

First, All persons enlisting in the volunteer service, after February 5, 1864, who were not residents of this State, and were credited on the two hundred thousand call or any subsequent call during the war of the rebellion, are entitled to the one hundred dollars State bounty;

Second, All persons enlisting after February 5, 1864, in said service, who were residents of the State, and were credited to any subdistrict, township or ward, where they were enrolled at the time of their enlistment on the two hundred thousand call or any subsequent call are entitled to the one hundred dollars State bounty;

Third, All persons who were residents of the State and enlisted after the above date and were not enrolled, but were credited to the township or ward where they actually resided, and on the two hundred thousand call or any subsequent call, are entitled to the one hundred dollars State bounty.

Very truly yours,
B. W. HUSTON,
Attorney General.

Construction of powers of Board of Control of St. Mary's Falls Ship Canal.

Lansing, Mich., May 1, 1890.

HON. GEO. G. VAN ALSTINE,
Sec'y Board of Control St. Mary's Falls Ship Canal,
Lansing, Mich.

DEAR SIR—In relation to the matter of tolls for the North branch of the Paint River Improvement Co., will say that on conference with the Attorney General, it is thought best to advise you that the board ought not to fix the tolls for said company.

I inclose herewith the articles of association of the company and the amendments thereto.

Very truly yours,
JAY P. LEE,
Assistant to the Attorney General.

Construction of Statute providing for amendments to articles of association of Mutual Fire Insurance Companies.

Lansing, Mich., May 16, 1890.

Hon. Henry S. Raymond, Commissioner of Insurance:

DEAR SIR—I find that the Attorney General failed to examine the amendments to the articles of association of the German Farmers' Mutual Fire Insurance Company of

Macomb and Wayne counties, and I have therefore examined them myself. I do not see how the amendments can stand. The statute, if I remember correctly, requires the notice of the annual meeting, at which the amendments are made, to be published at least five successive weeks. You will notice that the affidavit of publication states, that the notice was published for two successive weeks, and that the first publication thereof was on the 13th day of 1890. That was probably on the 13th day of March, and even if the affidavit omitted to state the number of insertions as two, still it would not give sufficient length of time for the five insertions before the meeting.

Very truly yours,
JAY P. LEE,
Assistant to the Attorney General.

Construction of Sec. 5345 Howell's Statutes, relating to assignment of certificate of sale issued by Commissioner of the State Land Office.

Lansing, Mich., May 20, 1890.

Hon. Henry S. Sleeper, Deputy State Land Commissioner, Lansing, Mich.

DEAR SIR—In reply to your inquiry of the 19th inst. (50318), as to whether patent should issue upon the papers presented for my examination, will say that in my opinion the assignment is not sufficient under section 5345 of Howell's Statutes to authorize the issuing of a patent. The assignment of the certificate is not only conditional in terms, but its execution fails entirely to fulfill the requirements of the statute.

Very truly yours,
B. W. HUSTON,
Attorney General.

Construction of Act No. 195 Public Acts of 1889, relative to taxation of bank property.

Lansing, Mich., May 20, 1890.

Hon. T. C. Sherwood, Commissioner Banking Department, Lansing, Mich.:

DEAR SIR—In reply to your inquiry of the 17th inst. concerning the taxation of bank property under act 195 of the Public Acts of 1889, permit me to say that in my opinion the mortgages owned by the bank are not subject to taxation, and that only the real estate can be taxed to the bank. I think the construction of the statute comes within the decision of the Supreme Court in the case of Lenawee County Savings Bank *vs.* City of Adrian, *et al.*, in the 66 Michigan, 273.

Very truly yours,
B. W. HUSTON,
Attorney General.

Construction of Secs. 705 and 713 Howell's Statutes.

Lansing, Mich., May 26, 1890.

Hon. Francis B. Egan, Deputy Secretary of State, Lansing, Mich.:

DEAR SIR—In reply to your inquiry of the 16th inst., as to the construction of sections 705 and 713, of Howell's Statutes will say that in my opinion it must be construed

to have been the intention of the Legislature, that sections 705 and 713 should be controlled by the provisions of the statute governing general elections in force at the time the construction is sought, and that those sections must be construed as including the amendments to, or statutes superseding the provisions of chapter 5 referred to by those sections. It cannot be possible that the court will say that a reference statute of this nature, must be confined to the provisions of the statute referred to which were in force at the time of its passage.

Very truly yours,

B. W. HUSTON,
Attorney General.

Construction of act No. 23, Session Laws of 1864, relative to State Bounties.

Lansing, Mich., May 28, 1890.

Hon. Board of State Auditors, Lansing, Mich.:

GENTLEMEN—Upon examination I am inclined to think that the opinion given you May 1, 1890, is correct, and that the act of February 5, 1864, is not confined to the call of 200,000 men made February 1, 1864, by the President. Before the call of the President, February 1, 1864, a bill was introduced in the Senate, January 28, 1864 providing for a State bounty of $100 in certain cases, section six reading as follows: "There shall be paid from the war fund a uniform State bounty of $100 to each non-commissioned officer, musician or private, that may be enlisted and be mustered into the service of the United States, after the present quota from this State shall be filled in any regiment, battery or company mustered from this State into the military service of the United States." It will be seen that this section provides for the payment of a State bounty to those enlisting after the quota on the call of October 17, 1863, had been filled, and it must be understood to apply to future calls of the President. This bill with the provisions for a State bounty, passed the Senate January 30, 1864, two days before the call of February first. This bill, in that form, was taken up in the House and amended, and ordered printed. On the third of February 1864, some new sections were added to the bill by the House, section 6, remaining precisely the same, with the exception that it was numbered 8 in the amended bill, by the House, and on the third of February, 1864, section 8 was amended so as to read as follows: Section 8. "There shall be paid, from the war fund of this State a uniform State bounty of $100 to each person below the rank of a non-commissioned officer, who may hereafter enlist and be mustered into the military service of the United States, and who shall be credited on the quota of this State, or any military district thereof under any call or order of the President, or military authorities of the United States, or of this State, made or issued since the first day of January, A. D. 1864." It will be observed by the preceding, that the Senate passed a bill providing for a bounty of $100, in certain cases before the call of February 1, 1864, and that the bill as passed by the Senate, expressly provides for paying such bounty on subsequent calls that might be made after the bill became a law. The townships and municipalities in many cases, had been paying the local bounties, and the bill as passed by the Senate, was intended in its provisions to legalize the action that had been taken by the different municipalities in the State in providing for local bounties, limiting the same to the three last calls made by the President, and to not exceed $200 in each case. The same bill was passed, after certain amendments made to it by the House, limiting the authority of the municipalities as stated above, and providing that on any subsequent call, as appears by section 6 of the act of 1864, that municipalities should only pay a bounty of $100 "to fill the quota of such township or city, or any call for volunteers made by the President of the United States, since January 20, 1864, or which he may hereafter make," showing that it was intended to give the municipalities authority, to pay $100 local bounty on future calls in filling the quota of their towns. I think that sections 6 and 8 must be construed together, especially in view of the history of the legislation in question, and although section 8 uses the language "Under any call

or order of the President or military authorities of the United States, or of this State made or issued since the first day of January, A. D. 1864," it appears to me that the intention of the legislature is clear, that townships were to have the right to pay a bounty of $100 on subsequent calls or all calls after the 20th of January, and the State to pay $100 making the same amount as was authorized by the same act under the three last calls before February 1, 1864, that could be paid by towns, etc.

I think this view is sustained by the opinion of Chief Justice Christiancy in the case of the People *vs.* Hammond, 13 Mich., 255, although the identical case being considered now was not before the Court. The Court says, "Why this distinction in the amounts of the bounties allowed to be raised by the local authorities in the two cases—two hundred dollars under past calls and only one hundred dollars on any call made, or to be made after the 20th of January, 1864? The reason to me seems plain. The cases provided for in the sixth section, limiting the amount to be raised by the local authorities to $100 are intended to be the same as those for which a State bounty of $100 is provided in the eighth section, thus making the aggregate of the State and local bounty, under the sixth and eighth sections, the same amount as in cases provided for under the former calls in the fourth section. Under former calls and the provisions of the fourth section, the local authorities are relied upon for whatever amount is to be raised, not exceeding $200; under the sixth and eighth sections, the State raises one half of this sum, and the local authorities are authorized to raise the balance, or so much of it as they may judge proper." Therefore I am of the opinion that the act of 1864, so far as it refers to State bounties, is not confied to the call of the President made February 1, 1864, but would apply to subsequent calls.

Judge Christiancy distinctly says, "The cases provided in the sixth section limiting the amount to be raised by local authorities to $100 are intended *to be the same as those for which a State bounty* of $100 is provided in the eighth section."

B. W. HUSTON,

Proceedings in case of neglect upon the part of Boards of Health to appoint Health Officer.

Lansing, Mich., June 7, 1890.

Hon. Henry B. Baker, Secretary State Board of Health, Lansing, Mich.:

DEAR SIR—In reply to your inquiry of the 3d inst., as to the proceedings to be taken in cases where the Board of Health of a city or village refuses or willfully neglects to appoint a health officer, will say that I am unable to find any statutory provision imposing any penalty upon the members of the board for such refusal or willful neglect, and the only remedy would be removal. In cases where members of the Board of Health are chosen by the electors of any city or village they might be removed for such neglect or refusal by the Governor, as provided by sections 653 and 656 inclusive, of Howell's statutes. If the members of the board hold office by appointment the proceedings for removal will be governed by the statute under which the city was incorporated, either the general law or the special charter. In such cases the power of removal ordinarily rests with the officer or board having the power of appointment.

Construction of disputed transfer of School Certificate No. 7989, and validity of Joint Resolution No. 34, Laws of 1887.

Lansing, Mich., June 21, 1890.

Hon. Henry S. Sleeper, Deputy State Land Commissioner, Lansing, Mich.:

DEAR SIR—In reply to your inquiry of the 17th inst., in relation to primary school certificate No. 7989, issued to Joseph Hague for the south half of southeast quarter of section 16, township 7 south, range 6 east, permit me to say that in my opinion the construction put upon the transfer, from Hague to Lefever, by your department and the Department of State is correct, and that no patent ought to be issued until the rights of the parties may be either amicably adjusted, or determined by proceedings in court. I do not think it within the power of the legislature to determine the rights of parties in the manner attempted by joint resolution No. 34, passed by the legislature of 1887.

Very truly yours,

JAY P. LEE,
Assistant to the Attorney General.
